**Subject:** Interactive PDF Maps Showing Carter Property Boundaries Pulaski County, AR  
**Attachments:** Carter Property 20140107 w Soils, NWI, and Wetlands.pdf; Carter Property 20150709 w Soils, NWI, and Wetlands.pdf

Ryan,  
Jeanene told me you could use some maps showing the property boundaries of the Carter land in Pulaski County, AR. Attached are a map with 2014 imagery before they opened the off road park, and one with 2015 imagery after they opened it. You can use the Object Tool to look at more information associated with the map features, the Geospatial Location Tool to find the longitude and Latitude of specific locations, and turn on and off the layers except for the Hydric Soils that is associated with the background image for the purposes of these map.

Thanks,
